### PROJECTS

**Athleta (GAP, Inc.)** | <https://athleta.gap.com/>

*GAP's upcoming female exclusive clothing brand is launching its Canada local subsidiary, and localized web site.*

- Coded front-end merchandise pages, in-sort marketing (ISM), informational pages based on vouched design requirements.
- Transited between producers, designers, WCD members, localization team as to guarantee 100% authenticity in delivery.
- ~ JSON, JSX, REACT, XHTML/CSS, Photoshop, Illustrator, Smart Sheet, MS Teams (remote team interaction).

**Insight RX** | <http://sheltered-shelf-78967.herokuapp.com/>

*Health Care Start-Up needs an event creation / management tool built in React for its internal event capture service (HERO).*

- Front End Designer: Built a front-end User Interface (UI) to navigate between components.
- Component Creator: Date Component interacting with API events data retrieval via hook, props and state transfer (Redux).
- ~ JS, Node.js, React.js, Redux, Express.js, Redis cache, auth0, JSON, Axios, Trie, Lodash, Echarts, dotenv, Postman.

**Honda Automobiles** | <https://honda-zipcode.herokuapp.com/>

*Auto Company needs a pure vanilla JavaScript ZIP code locator for its web*

- Created a server-side API component that would display Honda service centers within a zip code radius.
- Recreated Honda's web site look & feel from scratch for component inclusion.
- ~ Asynchronous JS, async/await, fetch, JSON, HTTP GET and POST requests.

**Michelson Patents** | <https://michelsonpatents.com>

*Inventor Extraordinaire Gary K. Michelson requires a dynamically maintained patents web site.*

- Oversaw / Created a database-centric website of all patents filed by Dr. Michelson (340 domestic, 1000+ international).
- Created a component that maintains Dr. Michelson's patents directory in real-time based on USPTO's API.
- ~ Wordpress CMS, PHP, HTML/CSS, AJAX Get / Post Requests, Photoshop, Illustrator.

**Michelson Medical Research Foundation** | <https://michelsonmedical.org>

*Non-Profit Medical Foundation requires an interactive, SEO driven web site to display initiatives and interact with beneficiaries.*

- Project Manager / Coded / Designed front end / back end of site, authored look & feel based on customer's requirements.
- Managed team of medical writers, graphic designers, social media managers, videographers throughout length of project.
- ~ Wordpress CMS, PHP, HTML/CSS, Yoast SEO, Photoshop, Illustrator, Final Cut Pro, Media Composer, Digital Performer.

## PROFESSIONAL EXPERIENCE

**GAP, Inc. — *Front-End Web Developer, Athleta WCD Team*** San Francisco, NY — 05/2021 – 09/2021

- Collaborated with Athleta's design, producing teams in adapting InVision mock-ups and incorporating weekly updated visual assets into fully functional REACT web pages.
- Created JSON code to solve technical challenges associated with the display layout of new marketing material.
- Coded parts of Athleta's Canadian bilingual launch, backported the more recent Canada code onto the US site.

**Sample Logic — *UI/UX Consultant, Presets Author*** New York City, NY — 01/2021 – 04/2021

- Consulted with Sample Logic to assist on Animation Station, their first MIDI plug-in for Digital Audio Workstation.
- Contributed weekly engineering, UI/UX reports from Pre-Alpha stage to Release Candidate Stage.
- Created a series of software presets shipped with the live release.

**Insight RX — *Front-End Web Developer, Component Coder*** San Francisco, CA — 05/2020 – 09/2020

- Built a front-end User Interface (UI) for HERO, InsightRX's in-house event registration application.
- Created a Date Component interacting with API events data retrieval via hook, props and state transfer.
- Contributed concept demonstration content to weekly / bi-weekly SCRUM, Sprint meetings.
- Worked directly with Insight RX's director of engineering and Insight RX's senior software engineer.

**Honda Automobiles — *Front-End Web Developer, UI Designer*** Torrance, CA — 04/2020 — 05/2020

- Co-authored a map generator, server-side API component, enabling the display of Honda Autos service centers.
- Implemented Honda UI/UX guidelines, the server-side API component fitting effortlessly within Honda's ecosystem.

**Karlin Asset Management — *Front-End Web Developer, Senior Digital Producer*** Los Angeles, CA — 03/2014 – 04/2019
